

# Introducing Rogue Premium Options

*Rogue Valley Door is proud to present a package of options to upgrade any door in our line.*

## Rogue Premium Options

*Rogue Premium Options set new standards in durability and long-lasting beauty. Combining superior materials, state-of-the-art construction and unsurpassed craftsmanship, Rogue Premium Options provide enduring elegance. Designed to stand up to both Father Time and Mother Nature like no other door, we back our Rogue Premium 1/4-inch veneer and solid wood options with a limited 5-year warranty. Select a great door. Then, make it even better with your choice of our Rogue Premium Options.*

### The Rogue Premium Difference

#### Thicker Veneer Option

Many door companies build their doors with paper-thin veneer. At Rogue Valley Door, we use nothing less than 1/16-inch, which provides excellent strength, look and feel. We believe anything less runs the risk of veneer bubbling, core bleedthrough or separation over time.

With our Rogue Premium Thicker Veneer Option choose from a substantial 1/4-inch thick veneer or a solid door made from two pieces of laminated lumber. These sturdier options provide superior resistance to inevitable wear and tear. If a compression or scratch occurs, our thicker veneers make for a much easier repair.

#### Stain Grade Option

When you order the Rogue Premium Stain Grade Option, you can rest assured that you're getting the finest cut of veneer possible. The wood for these doors is hand-selected to be flawless and free of all imperfections. If knots are not a

characteristic of the wood, we won't use it. If there are abnormal color variations or streaking in the grain, it won't make the cut. The doors you choose are uniquely yours by design. With our Stain Grade Option, you're ensured that the wood will be as aesthetically pleasing as the door you created.

### **Color Match Option**

When you choose the Rogue Premium Color Match Option, we hand-sort the lumber and veneer to achieve an even and uniform color from one component to the next. This process will ensure that your beautiful new door will have the consistent color that you were looking for. Whether you prefer a lighter or darker shade of wood, we'll provide the perfect match. The Rogue Premium Color Match Option gives you the flexibility to design your perfect door.

### **Face Pin Inlays Option**

Our stile and rail doors are built using classic cope and stick construction. This time-tested design combined with modern construction techniques provides unsurpassed strength and stability. Because we use a 5/8" x 5" fluted dowel to pin critical joints, it is no longer necessary to use mortise and tenon joints with face pins. But our customers have found that our Rogue Premium Face Pin Inlays Option provides an aesthetically pleasing authentic look. Using both round and square face pins, we provide another option that reflects a level of craftsmanship that never goes out of style.

*High performance wood doors for tough conditions, featuring a 5-Year No Overhang Guarantee.*

## Rogue Premium Plus

**5**  
YEAR  
NO OVERHANG  
GUARANTEE

### ■ Rogue Premium Options

*Rogue Premium Plus Doors set new standards in durability and long-lasting beauty. We back our Rogue Premium Plus solid wood options with a limited 5-Year No Overhang Warranty.*

#### **Three Species Options With No Overhang Requirements**

Our high performance doors are available in Pine, Fir, or Primed to complement your home design. And because of Rogue Premium Plus durable construction, there are no overhang requirements. Upgrade to a Rogue Premium Plus Door, and you can feel confident your door will look great and hold up under the toughest conditions.

**Available in Pine, Fir and Primed**

*A Solid Wood & Lag Bolt  
Construction Make Premium Plus  
Our Most Durable Door*

*Rogue Premium Plus Doors are assembled with our standard 5/8" x 5" hardwood dowel pins. Then, for added strength and protection to the top and bottom rail joints, we apply additional glue and secure those joints with a 3/8" x 6" steel lag bolt.*

## **Solid Wood**

With our Rogue Premium Plus option you will receive a solid door made from two pieces of laminated lumber. This sturdier option provides superior resistance to inevitable wear and tear. If a compression or a scratch occurs in the door, our solid wood option allows for a much easier repair. Rogue Premium Plus durable construction, there are no overhang requirements.
