

B&B

Contemporary Newels

StairTrends has expanded the contemporary newel offering to include square grooves.

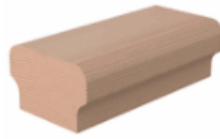

The B4700 series has top blocks of 5", 11" or 13" with a 3/4" groove.

The beveled top newel, B4000.SG has a Standard Top Block: 1-3/4" with a 1/4" High Groove.

The B4000 can also be ordered without the bevel top, B4000S4S.SG

We can customize the height of the Top Block. The Square Groove can be customized up to 1" High x 3/4" Deep.

New Contemporary Stair Offerings

B6840

B9200

B6940

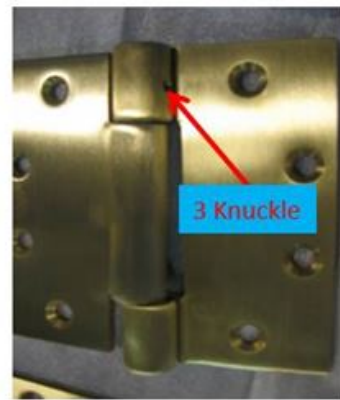

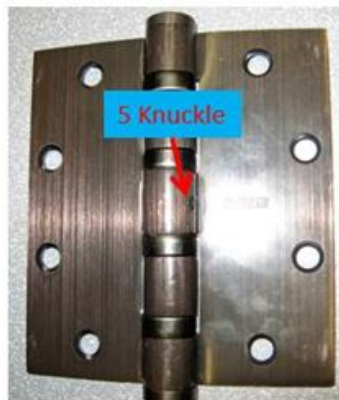

StairTrends has added 3 new contemporary rail profiles.

[B6840](#) (2-5/8"W x 1-5/8"H) , [B9200](#) (2-1/4W x 2-1/4"H) and [B6940](#) (2-5/8"W x 2-1/8"H). All rails are available plowed.

Cable Rail Change

Until recently we were selling the RailFX cable system for decks and interior stairs. RailFX was recently purchased by a buying group and has changed their method of distribution. We will continue to sell cable systems for the interior on a per quote basis.

Glad You Asked!

Q. I ordered a Non-Removable Pin Hinge. How do I know I received the correct hinge.

A. There is a hole with a little pin running through the knuckle and the hinge pin locking them together to make it "NRP".
