Schlage Encode - Smart WiFi Deadbolt

The revolutionary Schlage Encode™ Smart Wifi Deadbolt connects to your home from anywhere with built-in WiFi. Pair with either the Schlage Home app or the Key by Amazon app to grant access to trusted friends and family with customized access codes, and know when your lock has been accessed.

Works with voice assistants Siri, Alexa and Google.

Specify **FE489** for a handle-set with deadbolt.

Specify **FBE489** for a passage set with deadbolt

- Built-in WiFi connects to your secure home network without additional accessories to enable remote access
- Lock and unlock your door from anywhere using the free Schlage Home app on your smartphone
- Built-in alarm detects attempts to forcefully enter the door
- Create and schedule up to 100 unique access codes
- Use the activity log to see when your lock has been accessed
- Receive customizable notifications whenever a code is used.
- Deliver updates to your lock easily over WiFi
- Optional voice control offers hands-free convenience when using voice-enabled products
